

City of Carlsbad

Invites you to apply for:

SANITATION SYSTEMS OPERATOR III

Annual Salary Range
\$47,112 - \$57,252

Filing deadline:
May 23, 2007

MAINTENANCE & OPERATIONS

The department is responsible for preventive maintenance, repair and operations of City and water district infrastructure including City water and sanitation systems. The City operates and maintains a sanitary sewer collection system, covering approximately 65% of the City or 61,800 customers. Sewage is treated by the Encina Wastewater Treatment Plant, a facility jointly owned by the City of Carlsbad and other local sanitation partnering cities and water districts. The department provides wastewater (sewer) collection services through 145 miles of collection pipelines, 40 miles of sewer laterals and 16 pump stations. Last year the department performed maintenance on over 254 miles of sewer mains, operated and maintained 1,440 valves and 592 fire hydrants.

THE POSITION

Sanitation Systems Operator III is a lead level position in the Sanitation System Operator Series and has responsibility to provide direction to crew(s) in the daily performance of their duties. The position performs the most responsible and skilled maintenance assignments relating to the operation, repair and maintenance of sanitation pump stations, related equipment, structures, and grounds. The position will work varying hours, weekends, holidays, days off and perform stand-by duty as needed.

(See www.carlsbadca.gov/hr for a complete classification specification on the series)

City of Carlsbad
**A great place to make
a living. And a life.**

THE IDEAL CANDIDATE

The ideal candidate will possess excellent interpersonal skills, mechanical and electrical diagnostic skills, be able to work independently and practice safe work habits. This position is the team leader for the Sanitation Systems Operation crew and needs to exhibit a high standard of performance and conduct as the example for others. The incumbent for this position must also be able to work overtime and to respond to emergencies during off hours.

QUALIFICATIONS

Equivalent to graduation from high school and two years of journey level experience in the maintenance, repair, and service of sanitation pump station, comparable to the Sanitation Systems Operator II level. (See www.carlsbadca.gov/hr for a complete classification specification on the series)

The ability to operate various air, electric and hand tools to remove, repair and install pumps, motors and related equipment.

SPECIAL REQUIREMENTS

Must possess valid California Class B driver's license with tanker endorsement.

Must possess California Water Environment Association (CWEA) Mechanical Technologist Certification Grade II.

Must be willing to work in confined spaces which may expose the employee to hazardous atmosphere conditions. May be required to use respirators which prohibits full beards and facial hair that may interfere with a proper fit.

BENEFITS

- PERS 3% @ 60 retirement formula.
- Deferred compensation program
- Health benefits include medical, dental, vision and life insurance.
- Flexible Spending Accounts
- Paid Holidays, Vacation, Sick Leave
- Interest free computer purchase programs.
- Tuition Reimbursement.

SUPPLEMENTAL QUESTIONNAIRE

Ensure that you responses are numbered and that you respond to each question concisely. Please include the following statement at the bottom of your supplemental questionnaire along with your signature and date: "I declare the statements on this application and questionnaire are true and complete to the best to my knowledge and belief."

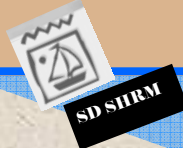

1. What stage are you at in obtaining the certifications and/or special requirements described in this brochure.
2. Describe your background and experience that demonstrates your ability in trouble shooting lift stations, controls, pumps and motors.
3. Describe your experience supervising and/or leading crews.
4. Describe your experience and background working in confined spaces and ensuring and complying with safety regulations.
